

# Mapping Order Statuses

Order statuses in Acumatica can be mapped to Magento order statuses to ensure that order status data transfers from Acumatica's back office to Magento's front end. To begin, navigate to the Kensium A-M Connector in Magento and click Order Status in the Mapping Section.

## Steps to follow:

1. Select a Store View.
2. Click Add New Order Status.
3. Enter the name of the Acumatica Order Status.
  - a. The Acumatica Order Status must be entered exactly as it appears in Acumatica to ensure proper mapping.
4. Select a corresponding Magento Order Status.
5. Click Save.

Click on the Order Status from Kensium A-M Connector Mapping

By clicking on this option, the application will redirect you to the Order Mapping screen.

50 per page < 1 of 1 >

	Acumatica Order Status	Magento Order Status	Store View
<input type="checkbox"/>	canceled	Canceled	All Store Views
<input type="checkbox"/>	completed	Complete	All Store Views
<input type="checkbox"/>	pending	Pending	All Store Views
<input type="checkbox"/>	processing	Processing	All Store Views

Click on the Recommended Order Status Mapping

By clicking the above option, the application will show an alert message as shown below:

The screenshot shows the 'Order Status Mapping' page. A modal dialog box is open in the center, asking: 'Are you sure that you want to change the current mapping to recommended mapping? If so, all existing data will be deleted.' The dialog has 'Cancel' and 'OK' buttons. A red arrow points to the 'OK' button. The background interface includes a sidebar with navigation icons, a top status bar with a task message 'Task "Rule processing: 2,3": 1 item(s) failed to update', and a table with 4 records found. The table has columns: 'Acumatica Order Status', 'Magento Order Status', and 'Store View'.

Acumatica Order Status	Magento Order Status	Store View
<input type="checkbox"/> canceled	Canceled	All Store Views
<input type="checkbox"/> completed	Complete	All Store Views
<input type="checkbox"/> pending	Pending	All Store Views
<input type="checkbox"/> processing	Processing	All Store Views

Alert message before you proceed with the mapping

To proceed, click on [OK], and you will be able to see the confirmation message on the following screen.

The screenshot shows the 'Order Status Mapping' page after the mapping process. A yellow banner at the top displays the task message. Below the mapping buttons, a green checkmark icon and the text 'Recommended order status successfully mapped!' are shown, highlighted by a red rectangle. The table below remains the same as in the previous screenshot.

Acumatica Order Status	Magento Order Status	Store View
<input type="checkbox"/> canceled	Canceled	All Store Views
<input type="checkbox"/> completed	Complete	All Store Views
<input type="checkbox"/> pending	Pending	All Store Views
<input type="checkbox"/> processing	Processing	All Store Views

After completing the mapping a confirmation message appears
