

AMEX Req. / Res. Logs

On this screen, you can view the request and response logs generated via the API calls initiated in Acumatica.

- Logs can be disabled via the AMEX Extend Settings.
- Logs can be configured to automatically delete after a set number of days.

Request	Response	Status	Date
POST /api/v1/...	200 OK	Success	2024-01-15 10:00:00
POST /api/v1/...	200 OK	Success	2024-01-15 10:00:01
