

Managing Payment Methods

In Better B2B you will be able to view all the Payment Methods under the **[Company Details]**. The available payment methods under the Master data are displayed as shown in the following screen.

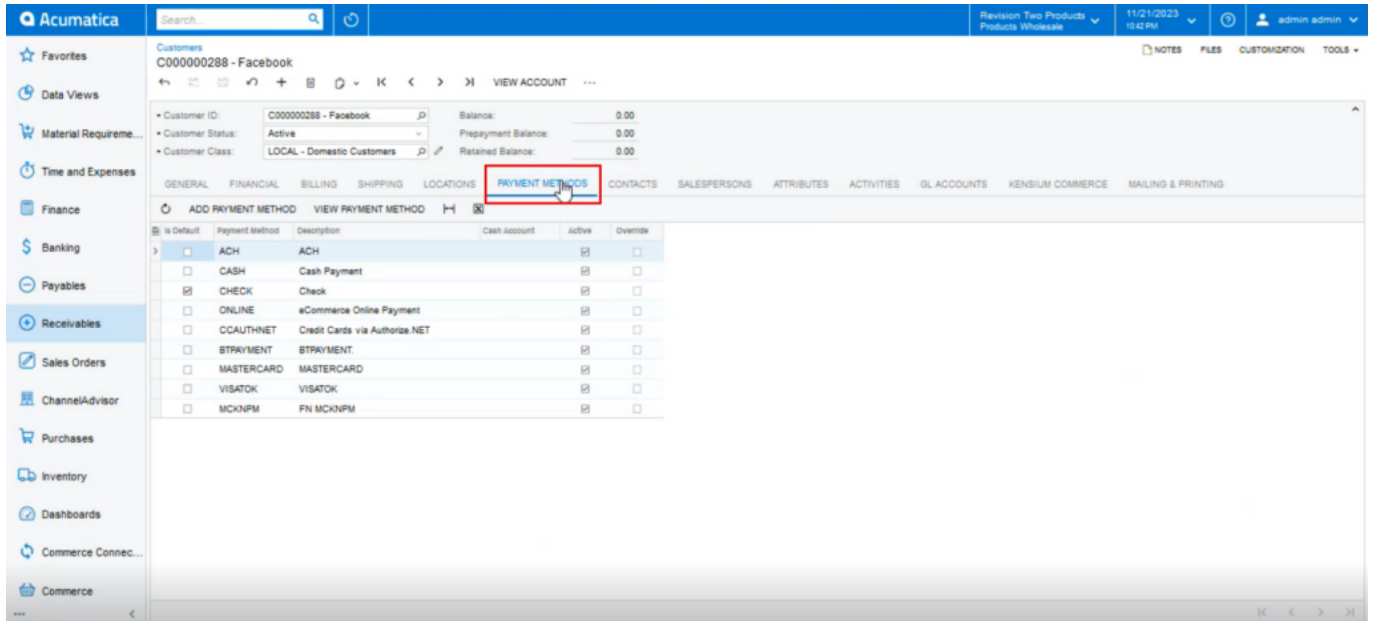

Payment Methods under the Master Data

Note that, to place an order to BigCommerce front end you must check the boxes for the payment methods.

For this, you must have a similar payment method in Acumatica which will be synced to the B2B app.

Go to the customer page and click on the Payment Tab. If you already created the payment method, it should display here as follows:

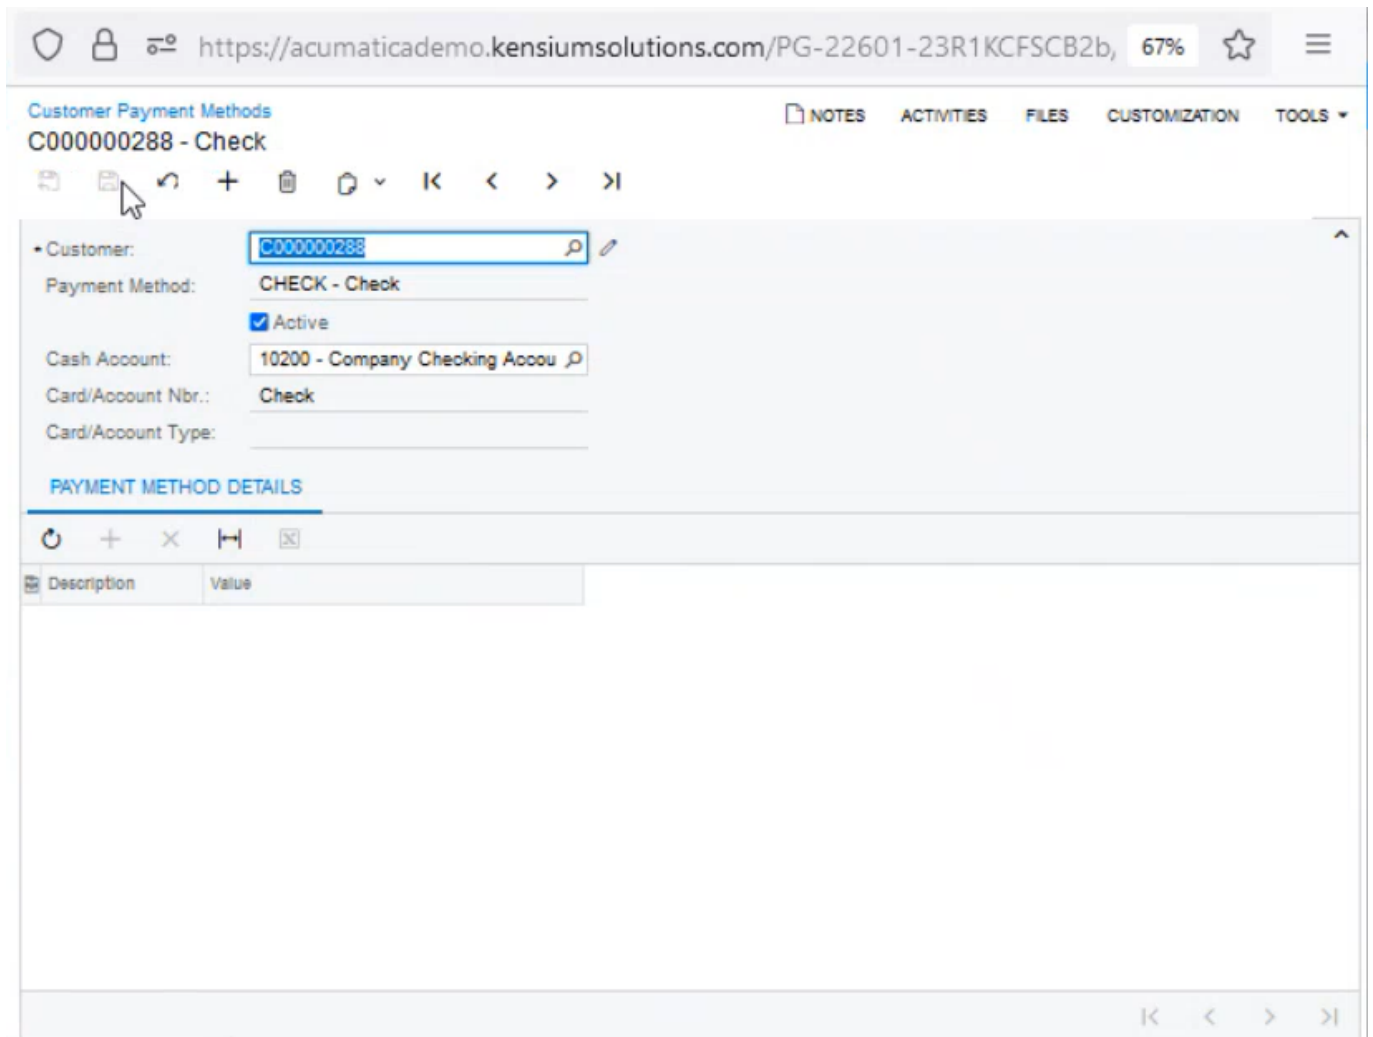

The screenshot shows the Acumatica software interface. The top navigation bar includes the Acumatica logo, a search bar, and user information. The left sidebar contains various modules like Favorites, Data Views, Material Requirements, Time and Expenses, Finance, Banking, Payables, Receivables, Sales Orders, ChannelAdvisor, Purchases, Inventory, Dashboards, Commerce Connections, and Commerce. The main content area displays the 'Customers' section for 'C000000288 - Facebook'. The 'PAYMENT METHODS' tab is highlighted, showing a table with columns: Is Default, Payment Method, Description, Cash Account, Active, and Override. The table lists several payment methods, including ACH, CASH, CHECK, ONLINE, CCAUTHNET, BTRAYMENT, MASTERCARD, VISATOK, and MCKNPM.
