

Setting Up a Store in BigCommerce

Once you enable the above options of Commerce Integration and BigCommerce Connector you will be able to view [Big Commerce Store] under the Configuration in the [Commerce] section of Acumatica.

BigCommerce Stores under Configuration

Upon clicking on the [BigCommerce Store] you will be redirected to the following screen where you need to enter all the mandatory details.

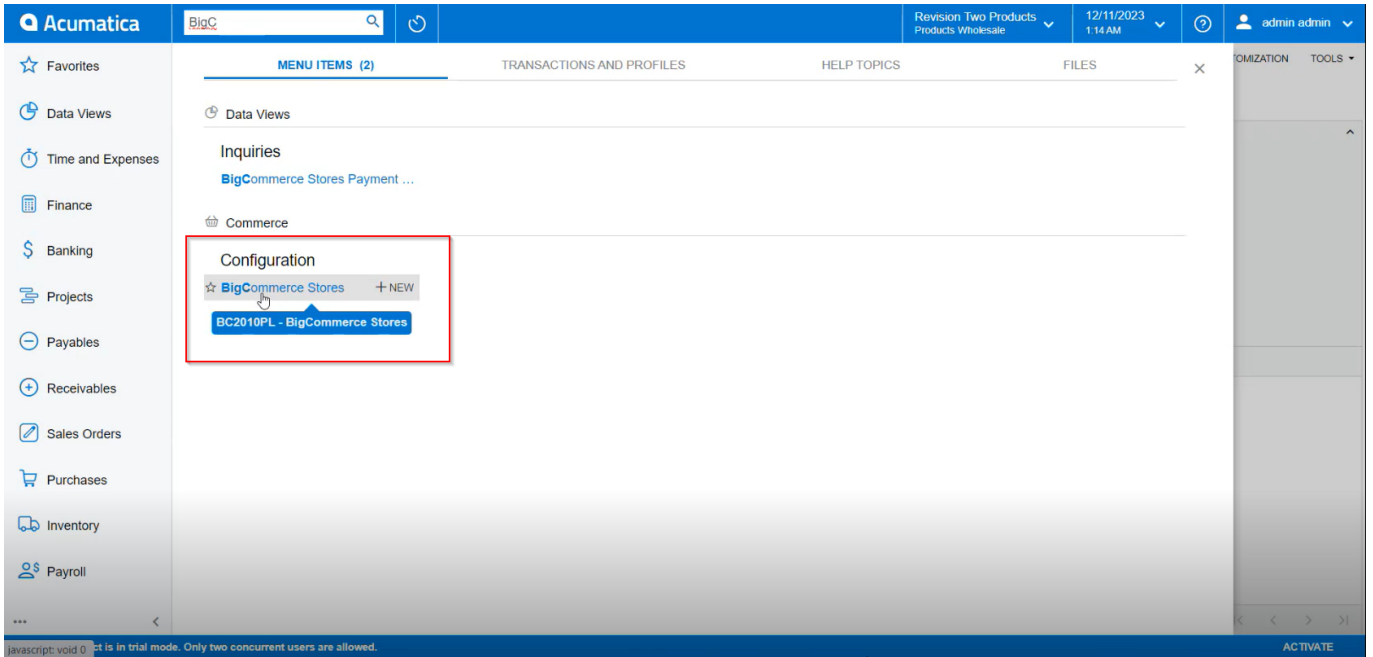

The screenshot displays the Acumatica interface for configuring a BigCommerce B2BQAStore. The top navigation bar includes the Acumatica logo, a search field, and user information (admin admin). The left sidebar lists various business modules. The main content area shows the configuration for the 'BigCommerce B2BQAStore' connector, which is currently active and default. The 'CONNECTION SETTINGS' tab is selected and highlighted with a red box. Below this tab, there are sections for REST SETTINGS, WEBDAV SETTINGS, and SYSTEM SETTINGS. To the right, there are sections for STORE PROPERTIES, STORE ADMINISTRATOR DETAILS, and LICENSE RESTRICTIONS. The REST SETTINGS section includes fields for API Path, Client ID, and Access Token. The WEBDAV SETTINGS section includes fields for WebDAV Path, Username, and Password. The SYSTEM SETTINGS section includes a field for Locale. The STORE PROPERTIES section includes fields for Default Currency and Store Time Zone. The STORE ADMINISTRATOR DETAILS section includes a field for Administrator. The LICENSE RESTRICTIONS section includes a field for Max. Number of Stores.

This includes the following within the BigCommerce Store screen.

1. Connection Settings
2. Entity Settings
3. Customer Settings
4. Inventory Settings
5. Order Settings
6. Payment Settings

Once the credential is entered click on the [Test Connection]. On successful completion, you will be able to view the successful testing connection message.

Go to the Global Search for the BigCommerce Store and you will be able to view the option under the Configuration.

Option for BigCommerce Store

Upon clicking on the above option, you will be redirected to the BigCommerce Store as shown in the following screenshot.
