

# Managing Process BYP Orders

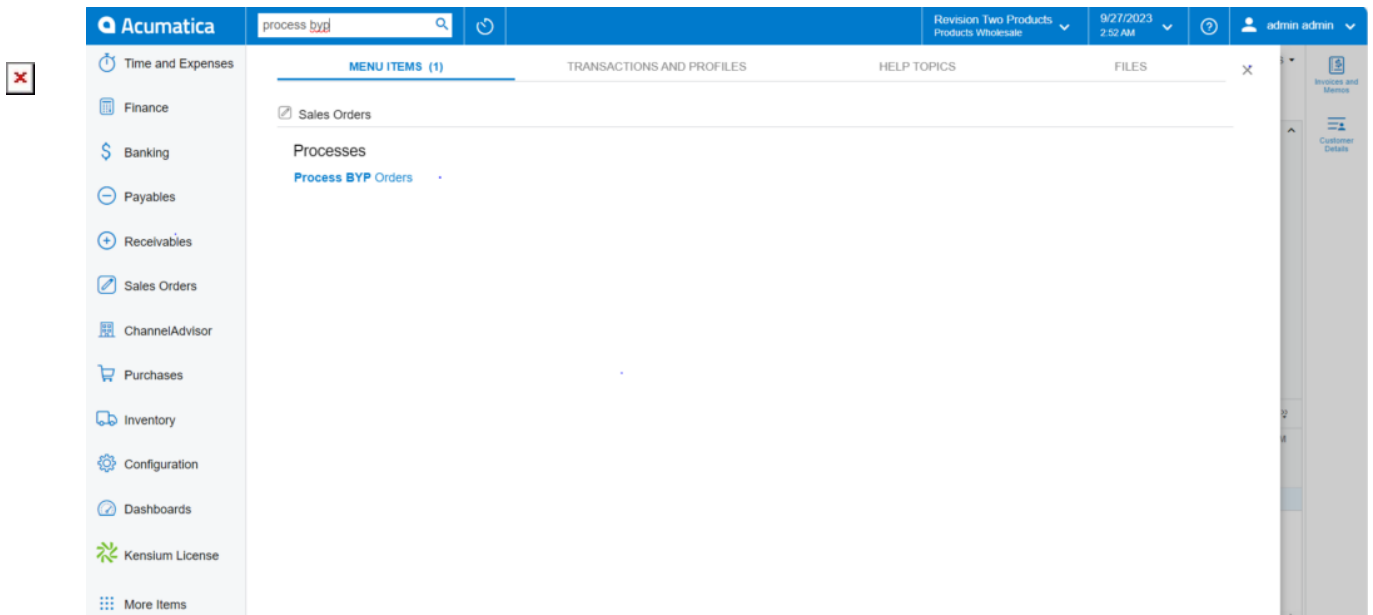

To [Process BYP Orders] you need to follow the steps described below:

1. Enable [**Ready for BYP & Ready for BYP Creation**] check boxes on the sale order screen.
2. [**Save**] the order that you have created to display in the Process BYP Order section.

Configure BYP with the check box enable in the BYP browse

3. Search for the [Process BYP] in global search and you will be redirected to the following screen.
4. Click on [**Process BYP Orders**], there configured sales order will be displayed.

### Process BYP Orders screen

- Click on **[Process BYP Orders]** and you will be redirected to the Process BYP Orders screen as shown below.

### Sales Order on the Process BYP

- After clicking on the **[Process BYP Orders]** a pop-up will appear on the screen indicating the order process progress.

If your order is processed without any error, you will get a confirmation message [Processing Completed] in the green box. In case the application gets an error, you will get an error message [Processing Completed with errors].

**Note: If your order is processed successfully, it will no longer be visible on the**

The screenshot shows the Acumatica interface with the 'Process BYP Orders' window. A confirmation pop-up titled 'Processing' is displayed in the center, indicating 'Processing completed, 00:00:06 Elapsed'. The pop-up includes a summary table:

Processed	Errors	Warnings	Remaining	Total
1	0	0	0	1

The background table lists the order details:

Order Type	Order Nbr.	Customer Order Nbr.	Status	Customer	Customer Name	Location	Location Name	Preferred Warehouse ID	Description	Order Weight	Order Volume	Order Qty.	Currency	Order Total
SO	SC008088		Open	AACUS...	Alta Ace	MAIN	Primary Location			0.000000	0.000000	1.00	USD	731.50
