

Kit Quantity Display

Users can view available kit quantities from the Sales Orders screen. This allows customer service representatives to know how many kits can be sold.

- To access **[Kit Quantity Display]**, you must enable the check box for **[Kit Quantity Display]** under CommercePro Features.
- Click on **[Save]**.

Commerce Features

The Impacted areas for Kit Quantity Display are below.

- Stock Items
- Non-Stock Items
- Calculate Kit QTY Process
- Inventory preference screen for last sync date/time
- If the UOM is not automatically updated for the above screen items, you need to manually refresh the process.
- To Refresh you must navigate to the left side panel of **[Acumatica]** select **[CommercePro]**, and then select **[Refresh Kit Price Process]** under **[Processes]**.
