

Template Items

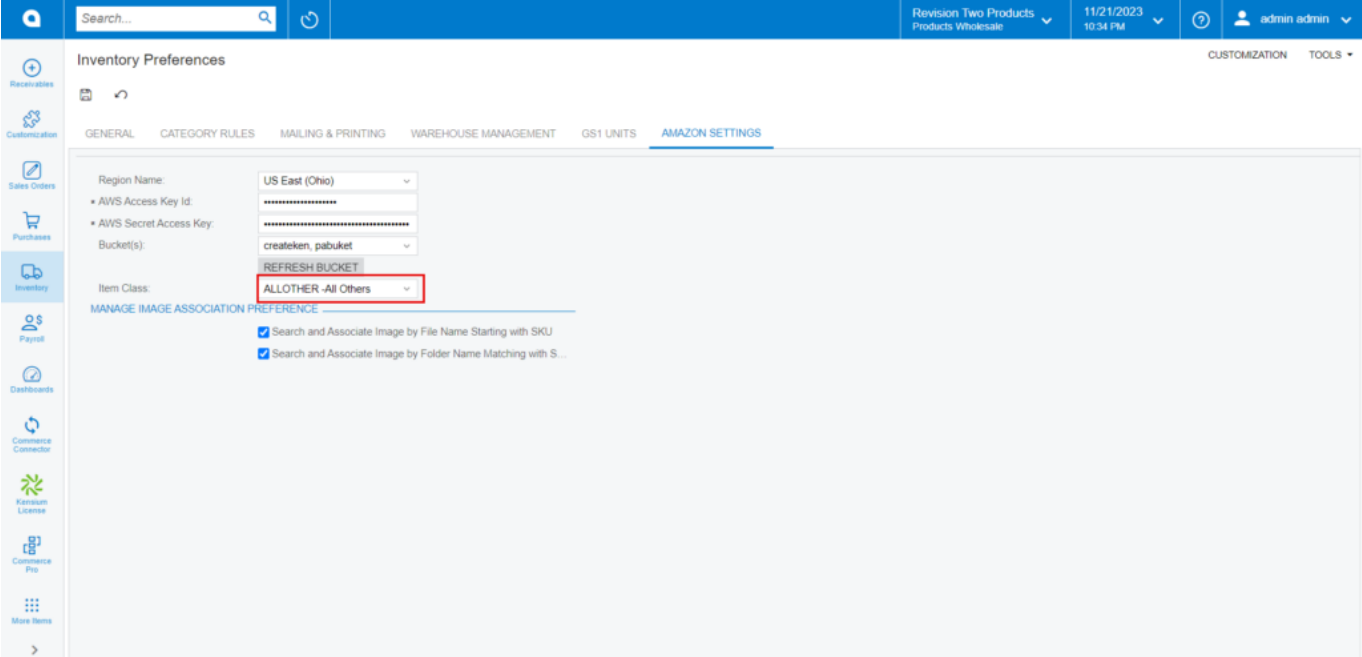

You need to search for **[Inventory Preferences]** in Global search bar and then click on **[Inventory Preferences]** under Preferences.

The screenshot shows the Fusion CommercePro interface. At the top, there is a blue header bar with a search bar containing the text "Inventory". Below the header, the interface is divided into several sections. On the left, there is a sidebar with various icons and labels. The main content area is titled "MENU ITEMS (44)" and contains a list of items. The items are organized into categories: Data Views, Inquiries, Sales Orders, Reports, Purchases, Profiles, and Inventory. The "Inventory" category is expanded, showing a list of items. The "Preferences" section is highlighted with a red box, and the "Inventory Preferences" option is also highlighted with a red box.

Inventory Preferences

- Click on **[Amazon Settings]** tab then you need to fill out the details.
 - Search for the item class
 - Non-Stock items: You must select All Others stock items.
- You need to search for **[Template Items]** in the Global search bar.

The screenshot shows the Fusion CommercePro user interface. At the top, there is a search bar with the text 'template' and a magnifying glass icon. To the right of the search bar, there are several tabs: 'MENU ITEMS (7)', 'TRANSACTIONS AND PROFILES', 'HELP TOPICS', and 'FILES'. The 'MENU ITEMS (7)' tab is currently selected. Below the tabs, there is a sidebar on the left with various icons representing different modules: Recorders, Customization, Sales Orders, Purchases, Inventory, Payroll, Dashboards, Commerce Connector, Kohlen License, and Commerce Pro. The main content area displays a list of menu items. Under the 'Inventory' section, the 'Template Items' item is highlighted with a red rectangular box. Other visible items include 'Projects', 'Preferences', 'Project Templates', 'Project Template Tasks', 'Contract Management', 'Profiles', 'Contract Templates', 'System Management', 'System Preferences', 'Email Preferences', 'Task Templates', 'Email Templates', 'Commerce Connector', 'Real Time-Processes', and 'Template Items'.

Template Items

- Click on the **[+]** icon, then you will be redirected to the stock items screen.
- You need to create an **[Inventory ID]**.
- Select the Item status as **[Active]** from the drop-down.
- You can add the **[Description]**.
- Select the **[Item class]** as **[Active]** from the options menu.
- Click on **[Save]**.
