

Version 5.2.5

Release notes now include new features and bug fixes for all POS components. These components include:

- Fusion Register
- Acumatica Loyalty Package

Bug Fixes / Critical Improvements

674 Register - API integrator changed from Fusion to something called MyTestApp

• The name of the application is changed when the register calls the avalara API. "FusionRetailSolution Register version" is now used.

677 Register - Pay with a personal GC - CreatePayment CATCH: One or more errors occurred

• Fixed issue with handling of error messages sent by XMS.

659 Loyalty package – Pay with a gift card / error Unexpected character encountered while parsing value: S. Path $^{\prime\prime}$, line 0, position 0

• Fixed issue with handling of error messages sent by XMS.
