Fusion Gift Card puts you in control. Unlike traditional gift cards issued by credit card companies, with Fusion Gift Card, the merchant retains the funds. Rather than earning a percentage on each transaction, with the Fusion Gift Card you the merchant deposits the full amount of the gift card while Fusion tracks the Gift Card liability and efficiently applies funds to future purchases.

The Fusion Gift Card web portal allows users and the merchant full and secure visibility into individual card balances, transactions as well as overall gift card liability. Let Fusion Gift Card shift the balance of power back to you rather than the credit card companies.
