

Configuring Package for Multiple Stores

If you want to publish the package for multiple stores/tenants, click on the **ellipses (...)** icon located in the sub-header menu.

1. Select **Publish to Multiple Tenants**.

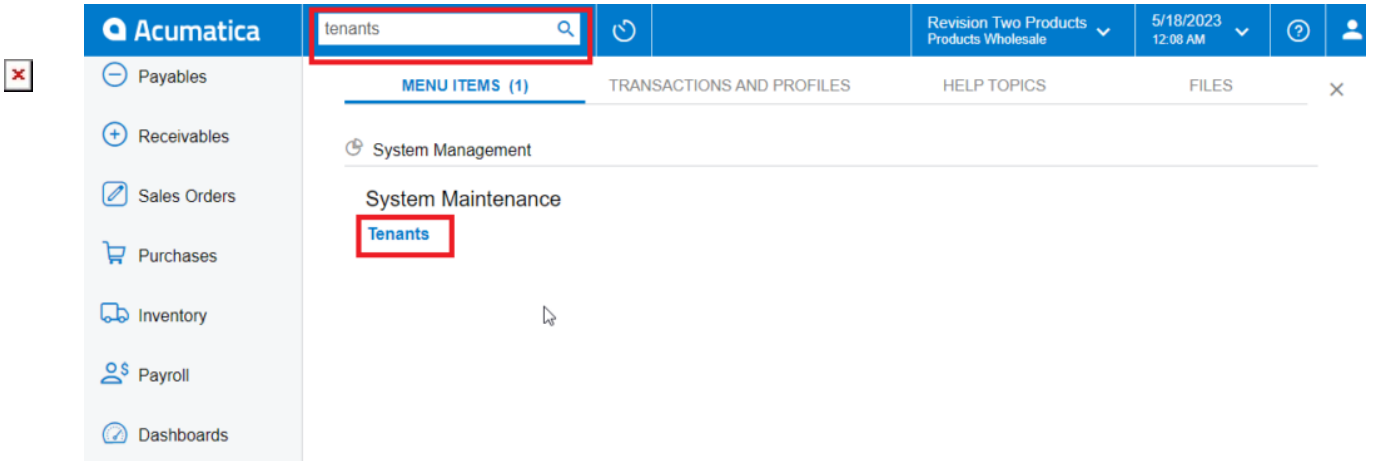

The screenshot shows the Acumatica interface for Customization Projects. A table lists various projects with columns for Published status, Project Name, Level, and Screen Names. A dropdown menu is open over the table, and the 'Publish to Multiple Tenants' option is highlighted with a red box. The menu also includes options like Publish, Unpublish All, View Published, Import, and Replace Highlighted Project C...
