

Payment Mapping

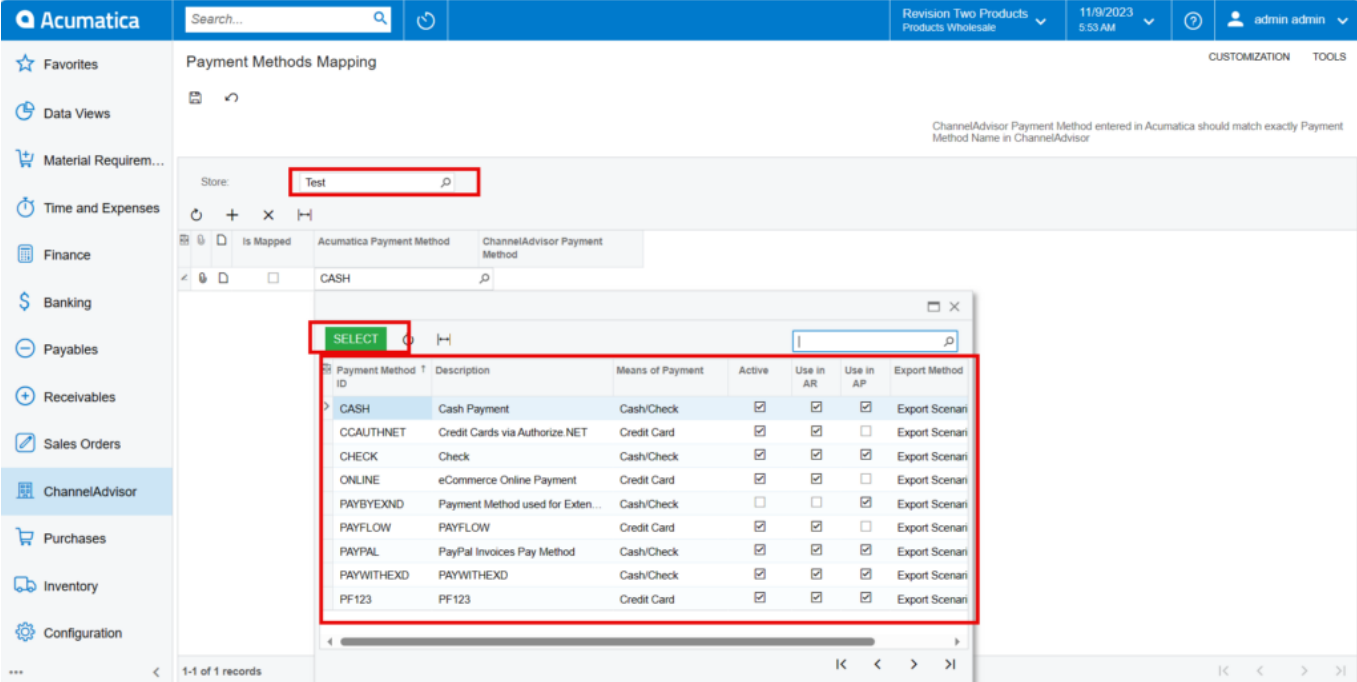

The payment methods mapping ensures accuracy and consistency in order processing between Acumatica and Rithum Connector for businesses. The smooth synchronization of payment data made possible by this mapping facilitates expedited order management and financial procedures. It makes sure that the right payment methods are used when orders are synchronized, which results in accurate financial reporting and processing of customer payments.

Create Payment Mapping in Acumatica and Rithum Connector

You need to Navigate to the left panel of Acumatica and click on **[Rithum Connector]** and then click on **[Payment Methods Mapping]** under **[Preferences]**.
