

Configurations in SellerCloud Connector

[Configurations], 

[Configuration] 

The screenshot shows the Sellercloud Connector interface. At the top, there is a search bar and navigation options. The main content area is divided into three columns: Configuration, Processes, and Real Time-Processes. The Configuration column is highlighted with a red box and contains the following items: Payment & Credit Terms Mapping, Product Custom Columns Mapping, Product Type Mapping, Tax Category Mapping, Carrier Mapping, Product Custom Mapping, Profit & Loss Sync Process, Payment Method Mapping, and Export Shipment Carrier Mapping. The Processes column contains Process FBA Inventory. The Real Time-Processes column contains Data Exchange, Order Import (marked with a star), Purchase Order, Update Acumatica Open PO Qty, and Import RMA Orders. The left sidebar shows various navigation options, with Sellercloud Connector highlighted by a red box. The top right corner shows the user's name (admin admin) and the date (10/30/2023 1:58 AM).
