

Insurance Preferences

When you sync an order from SellerCloud Connector to Acumatica, you have the option to select Insurance Preferences.

For certain non-stock products, an insurance option is also available.

- You need to toggle the **[Import Insurance]** a new line with **[insurance inventory ID]** will display.

The screenshot shows the 'ORDER IMPORT PREFERENCES' tab in the SellerCloud Connector interface. The 'INSURANCE PREFERENCES' section is highlighted with a red box, showing the 'Import Insurance' checkbox checked and the 'Insurance Inventory ID' field. A red callout box points to the checkbox with the text 'On enabling the below line will appear'.

Insurance Preferences with Insurance Inventory Id

- You need to select the nonstock item from the **[Inventory ID]**.
- A new insurance line will be added to the sales order.
