Figure: New option [Set Clear Log Preferences]

The new section includes the following options.

- Activate Clear Log Process [Check box]: If you enable this by checking the box the following fields will be displayed. If unchecked the respective fields will not be visible on the screen.
  - **Frequency (Days):** This determines the number of days to clear the log. E.g. if you set the Frequency as 5 days after every 5 days based on the next execution time it will be cleared.
  - **Next Execution Time [Drop-down]**: You need to select the next execution time from the drop-down menu.
  - **No of days to retain logs:** This determines the number of days you want to retain the log within the application.

• **Records to Delete (Drop-down Selection):** Info and Error logs will be available under this drop-down.

Now navigate to Magento Connector on the left panel and click on Connector Logs under Reports.

Navigation: Magento Connector  $\rightarrow$  Reports  $\rightarrow$  Connector Logs the following screen will appear.
